

**Tenured Professor Position in  
Economics  
Chair of Excellence  
IdEx Bordeaux**

**The University of Bordeaux is opening a full professor position in Economics. This position may benefit from specific funding through the IdEx Bordeaux Chair program. This program is expected to contribute to strengthening the academic community of the University of Bordeaux and other partner institutions in strategic fields by supporting high-profile researchers in setting up a research team for the development of their projects within one of Bordeaux laboratories.**

The University of Bordeaux is looking to reinforce its expertise in Economics. A full professor position is now open in these fields (see note 1). The appointed professor will lecture graduate and undergraduate courses in relation with his/her research area. The successful candidate will join Larefi laboratory.

The appointed professor will have a strong track record in independent research with a sustainable research plan and ability to attract research funding from appropriate sources. The hiring committee will be attentive to the quality of the research project and the way it integrates with the existing teams of the lab. The hiring committee will also pay attention to the applicants' capacity to hold positions of responsibility within the research lab or the teaching unit.

Prospective applicants are encouraged to contact the Director of the Larefi laboratory, Prof. Jean-Marie Cardebat: jean-marie.cardebat@u-bordeaux.fr.

**Note 1:** International researchers should hold a “*qualification*” from the French “*Conseil national des universités*” (CNU), or occupy a Professor or Assistant Professor position (or equivalent) in a foreign university.

---

The Professor, recruited through a competitive admission process, may benefit from a startup funding through the **IdEx Bordeaux Chairs Program**. International researchers preparing their application for this university tenure position are welcome to apply.

IdEx Bordeaux Chair funding may be used for the setting up of a research lab (purchase of small equipment), for hiring team members (salaries) and for operational costs. Candidates are informed that being appointed as full professor will not automatically imply the granting of the chair of excellence, as IdEx Bordeaux will perform an independent evaluation of the installation project.

Candidates should thus specifically apply to the IdEx Chair funding scheme by submitting before 14 April the following documents through the Senior Chairs application website: - a letter of intent introducing the candidate and briefly presenting his/her project and its medium- to long-term perspectives; - a full Cv of the candidate; a research project description and; - an estimative budget (3 years).

In the absence of a suitable candidate, IdEx Bordeaux selection committee reserves the right not to grant this chair.

*Laboratory for Analysis and Research in Economics and International Finance (LAREFI) is a French research center located in Pessac. LAREFI is part of the University of Bordeaux and has gained prestige for its distinguished researchers, research assistants, working papers, and international publications concerning finance, economics, business, and management.*

*The Initiative of Excellence of the University of Bordeaux (IdEx Bordeaux) is a collective program coordinated by the universit  de Bordeaux, in association with national research centers CNRS and Inserm, and the following higher education and research organizations: Bordeaux Sciences Agro, Bordeaux INP, universit  Bordeaux Montaigne and Sciences Po Bordeaux. IdEx Bordeaux also involves other partnering organizations: CEA, Inra, Inria, Irstea, Ifremer and CHU de Bordeaux.*

*The Excellence Initiative of the University of Bordeaux has been labeled and granted by the French government within the framework of Investissements d'Avenir, operated by the national agency ANR (ANR-10-IDEX-03-02).*
